

COALEX STATE INQUIRY REPORT - 44

May 3, 1985

Larry Grasch, Deputy Commissioner
Department for Surface Mining Reclamation & Enforcement
6th Floor, Capital Plaza Tower
Frankfort, Kentucky 40601

TOPIC: STATES' "BOND POOL" SYSTEM AND COAL EXPLORATION REQUIREMENTS

INQUIRY: Statutes or regulatory data on states' bond pool system and identification of state programs that include coal exploration requirements.

SEARCH RESULTS:

Part one of the inquiry is addressed in COALEX COMPARISON REPORT - 37, which is enclosed. A COALEX search was conducted to locate those states that have coal exploration requirements. Several states were identified and a 'kwic excerpt' for those states are included in this Report.

The attached include states as follows: Pennsylvania, Virginia, Alabama, Mississippi, Illinois, Ohio, Arkansas, Louisiana, Missouri, Oklahoma, Alaska, Colorado, New Mexico, North Dakota, Wyoming, Kansas, Iowa.

ATTACHMENTS:

- A. COALEX COMPARISON REPORT - 37.
- B. Short excerpts of state regulations referencing coal exploration.
